RIGID CORE

INTERLOCKING LVT COLLECTION

CAMARO™

RIGID CORE

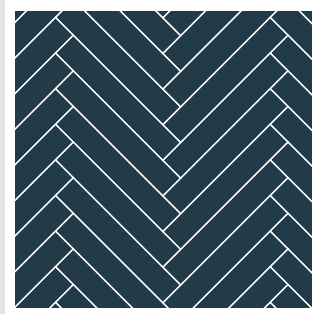

INTERLOCKING LVT COLLECTION

Conceived using the latest market innovation and advanced product technology, Camaro Rigid Core is the ideal choice for home interiors.

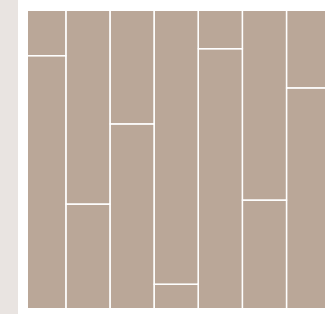

Combining style with enhanced durability, Camaro Rigid Core is engineered with a **Stone Polymer Composite (SPC)** construction, providing supreme strength with ultra-hard-wearing properties. The rigid construction can be laid over most existing floor coverings, significantly reducing installation time and making it a firm favourite for busy, fast-paced lifestyles.

With 3 striking formats to choose from, Camaro Rigid Core makes stunning design easy to achieve straight from the box.

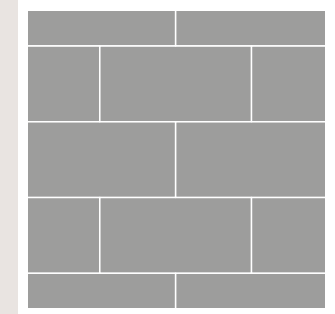

Herringbone

Plank

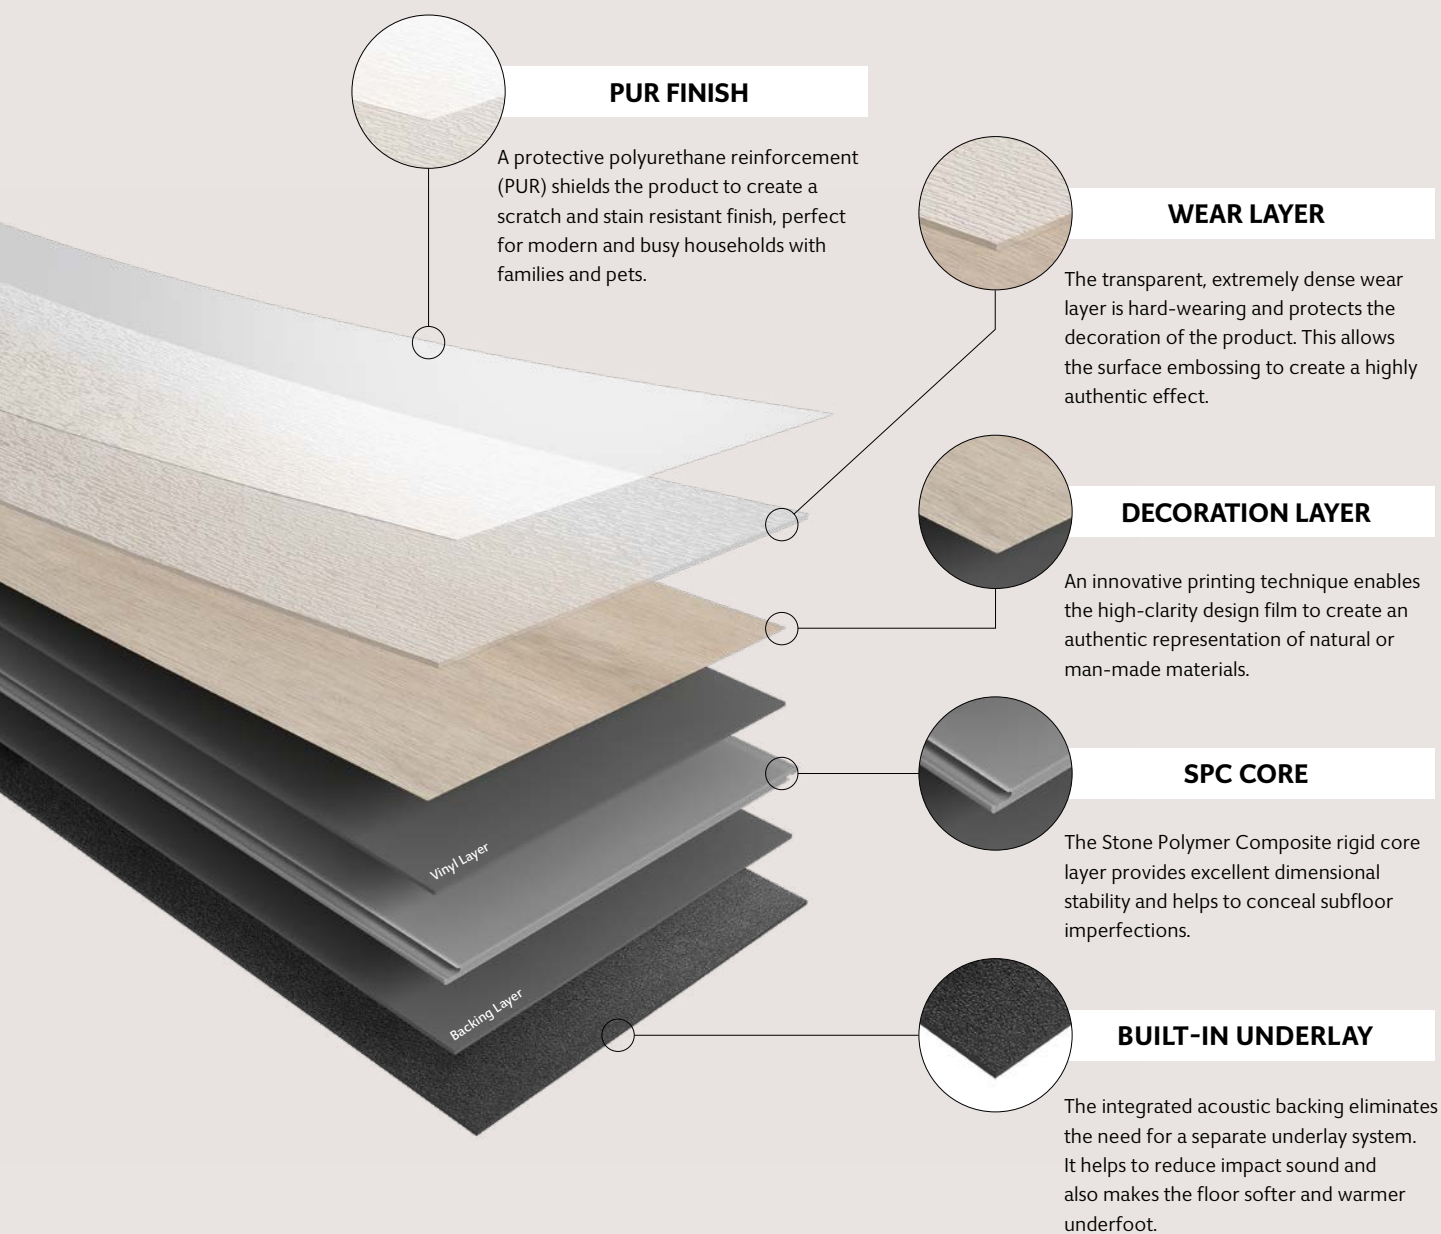

Tile

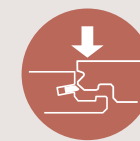

WHY CHOOSE CAMARO™ RIGID CORE?

The multi-layered vinyl planks and tiles are designed to fuse supreme strength with ultimate comfort. Each individual layer provides a unique benefit.

**QUICK & EASY
INSTALLATION**

**PRESS-FIT 5G®
LOCKING MECHANISM**

**100%
WATERPROOF**

**STRONG & DURABLE
SPC CONSTRUCTION**

**SUITABLE FOR
UNDERFLOOR HEATING
MAX 27°C**

**NO ADHESIVE OR

With regard to colour printing, it is only possible to give a provisional representation of the product colour. For colour selection an original sample should be used, which we shall be pleased to supply free of charge. To replicate the natural material, the stone effect tiles may include variation in markings as part of their design.

HERRINGBONE

Thanks to its timeless appeal, herringbone is more popular than ever. A herringbone floor is the perfect solution to bring symmetry and balance to an interior scheme, whilst also offering space enhancing benefits by creating the illusion of larger rooms. Each design delivers mutli-tonal variation for added movement, character and depth.

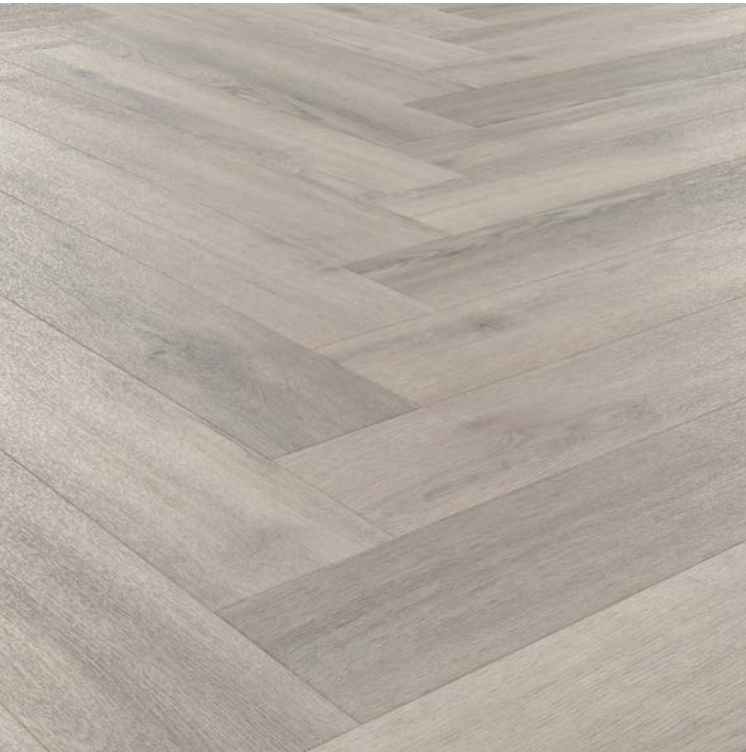

All shades are available as full planks.

Westchester Oak Herringbone
RPQ4141

Plank size: **101.6 x 609.6mm**

This warm, grey oak parquet is an elegant and neutral addition to any home. Enhanced by both light and dark colours, it's the ultimate versatile floor.

See page 32

-  This design features a micro bevel
-  This design features high shade variation

Waterside Oak Herringbone

RPQ4143

Plank size: **101.6 x 609.6mm**

Like its namesake, Waterside Oak Herringbone embodies a gently weathered wood grain but with all the durability of a vinyl plank.

The warm tones pop when paired with light furnishings and bold pastel accessories.

See page 36

-  This design features a micro bevel
-  This design features high shade variation

Naked Blond Oak Herringbone
RPQ4144

Plank size: **101.6 x 609.6mm**

Stripped back to show raw natural beauty, Naked Blond Oak Herringbone creates a sunny warm interior.

The natural variation of mid-tone to light wood creates a stunning effect.

See page 38

-  This design features a micro bevel
-  This design features high shade variation

Astoria Oak Herringbone

RPQ4147

Plank size: **101.6 x 609.6mm**

Rich oaks are ideal for a timeless design scheme which will look good today and for many years to come.

Simple yet sophisticated, they blend seamlessly throughout all areas of the home.

See page 42

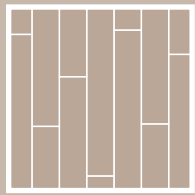

This design features a micro bevel

This design features high shade variation

PLANK

Beauty and practicality are the central focus of Camaro Rigid Core’s plank designs. Each shade has been carefully selected to create a balanced and inviting palette. From classic wood with authentic appeal, to paler, fresh and more neutral canvases for effortless contemporary style. Across eighteen plank designs, two have been created in a smaller size for a petite and elegant addition to the range.

Grey Mountain Ash
4154

Plank size: **150 x 910mm**

A popular wood design that combines pure grey tones with an exciting grain. Sleek and contemporary, Grey Mountain Ash creates a clean and minimalistic space.

 This design features a micro bevel

Hartland Oak
4158

Plank size: **150 x 910mm**

 This design features a micro bevel

Inspired by classic timber found in the coastal county of Devon, Hartland Oak is a quintessential classic wood design.

Mix and Match contemporary furniture with period property features, for a stylish finished look.

Bianco Oak
4137

Plank size: 177.4 x 1212.4mm

The perfect white oak floor does exist. Light yet captivating, Bianco Oak is a breath of fresh air, checking all the boxes for the clean and calm trend.

 This design features a micro bevel

Boathouse Oak
4138

Plank size: 177.4 x 1212.4mm

High shade variation characterises this appealing limed timber design. The light planks complement the tan and grey darker tones beautifully.

-  This design features a micro bevel
-  This design features high shade variation

Quayside Oak
4139

Plank size: 177.4 x 1212.4mm

Subtle colourways and vivid grains make the perfect coupling. Vibrant but graceful, Quayside Oak is a statement floor with well-balanced contrasts.

 This design features a micro bevel

Westchester Oak

PLK4141

Plank size: 177.4 x 1212.4mm

See page 12

Westchester Oak is a soft grey design that effortlessly blends with interiors to create an alluring look.

Subtle wood knots and grains are present in the design, which add further authenticity and character to the floor.

This design features a micro bevel

This design features high shade variation

Rosedale Oak
4142

Plank size: 177.4 x 1212.4mm

With blond hues and tranquil notes of grey, this design exudes brightness while maintaining a natural appearance.

 This design features a micro bevel

Waterside Oak

PLK4143

Plank size: **177.4 x 1212.4mm**

See page 14

Waterside Oak has an abundance of character, whilst balancing both cool and dark interior schemes. Keep it simple with a pared back scheme and this floor will shine.

This design features a micro bevel

-  This design features a micro bevel
-  This design features high shade variation

Moorland Oak

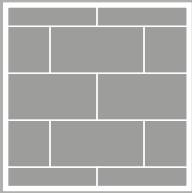

4163

Plank size: 177.4 x 1212.4mm

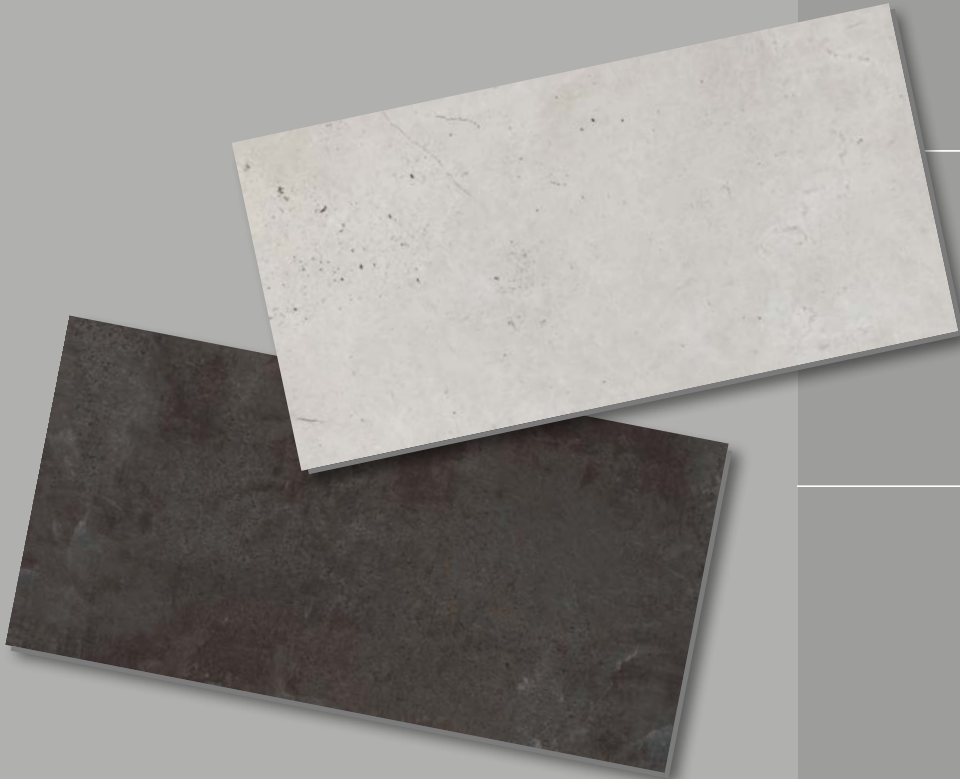

Characterised by smooth and fluid wood grains, Moorland Oak brings a sleek and sophisticated vibe which complements trendy fixtures and everchanging soft furnishings.

 This design features a micro bevel

TILE

Faithfully replicating natural tone and textures found in raw and man-made materials, the tile designs provide a perfect backdrop for a wide range of interiors. From calm, cosy and tranquil spaces to industrial open plan interiors. Browse through our inspirational imagery to help envisage the beautiful designs in your home.

Soho Cement 4149

Tile size: **304.8 x 609.6mm**

This design features a micro bevel

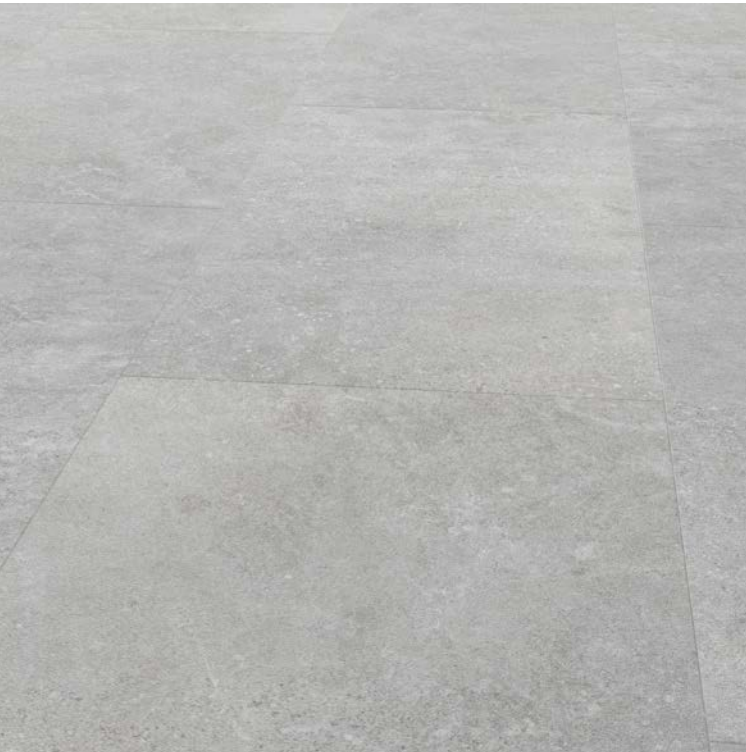

Cement floor design is a growing trend and continues to be a firm favourite with interior designers.

Soho Cement displays warmer tones than most traditional cements, which in turn, helps brighten a design scheme.

Tribeca Cement
4151

Tile size: **304.8 x 609.6mm**

In keeping with its namesake, Tribeca Cement is a cool urban tile. Ideal for an understated interior or a colourful decor that requires a muted floor.

 This design features a micro bevel

Goldstone Micro Terrazzo 4152

Tile size: 304.8 x 609.6mm

Interesting gold flecks intricately weave through this beautiful terrazzo, creating an eye-catching design.

Pair with white walls for a fresh look or dark walls for an industrial aesthetic.

 This design features a micro bevel

Pearl Micro Terrazzo
4153

Tile size: 304.8 x 609.6mm

This subtle terrazzo floor is a great choice for those that love a concrete effect but want a more polished final look. The stunning pearl undertones create a luxe finish.

 This design features a micro bevel

Luna Concrete
4164

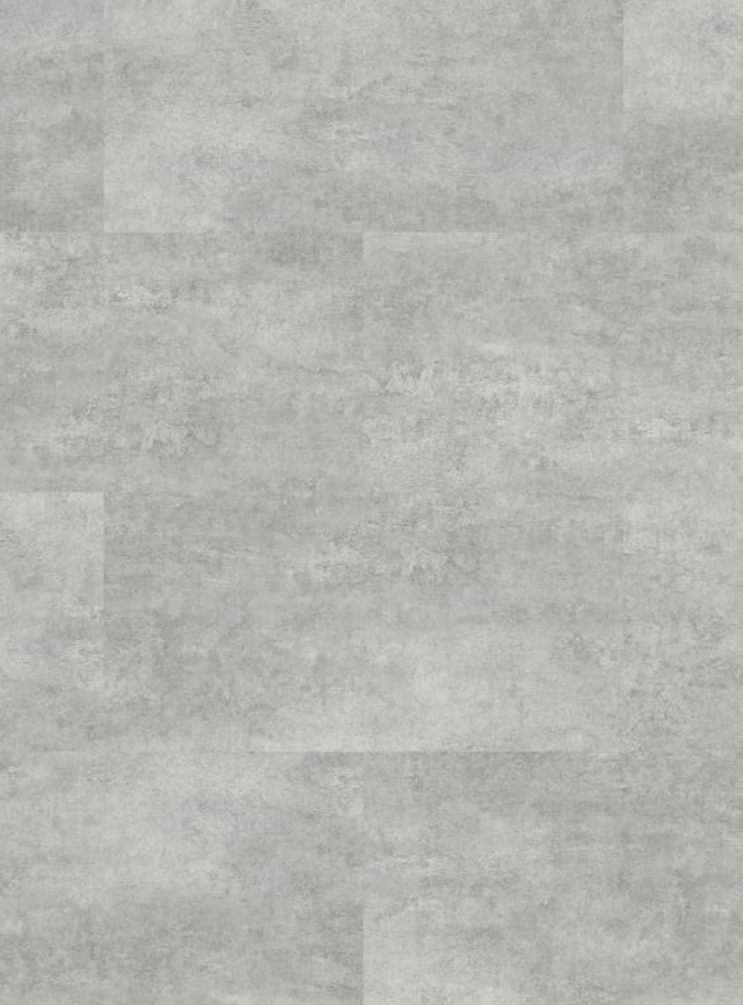

Tile size: 304.8 x 609.6mm

This striking white concrete is minimalistic and sophisticated. Capturing a light and airy ambience has never been easier.

 This design features a micro bevel

Grey Flagstone 4166

Tile size: **304.8 x 609.6mm**

A modern twist on a classic tile, Grey Flagstone is a neutral base tone for any home colour-scheme. Contemporary, fresh and ideal for every day living.

This design features a micro bevel

Maison Concrete

4167

Tile size: **304.8 x 609.6mm**

Combining industrial styling with an earthy tone, this flooring brings warmth to both the floor itself and its surroundings.

The subtle detailing of this design add to its authenticity, creating a textured base that is complementary to a wide range of interior themes.

This design features a micro bevel

Black Shadow Slate
4168

Tile size: **304.8 x 609.6mm**

Black slate is a brilliantly dark and elegant floor. You are guaranteed to bring style to contemporary and traditional homes alike.

For a quirky effect, consider laying this shade with a lighter floor in an adjoining room, using a threshold strip between the installations.

 This design features a micro bevel

Featuring 4164 Luna Concrete in the adjoining hallway.

5 STEP GUIDE TO YOUR PERFECT FLOOR

1 BE INSPIRED

The first stage of designing an interior is refining your ideas and planning your finished look.

3 ORDER FREE SAMPLES

Free samples of each shade are available to order through our website polyflor.com or call the dedicated Polyflor Samples Hotline on **+44 (0)161 767 2551**.

5 ENJOY YOUR NEW FLOOR

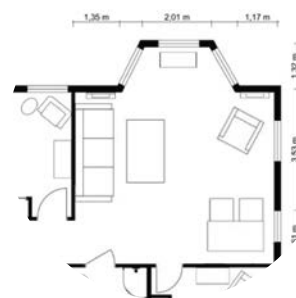

We want you to enjoy your floor for years to come, so we have prepared a list of top tips to help you keep your floor looking as good as new, see page 82 for more details.

2 SELECT YOUR FLOOR

Browse our brochure, shadecard and retail presenter at your leisure and make a shortlist of your favourite designs.

Our **room visualiser** is also available to help you picture any design instantly, in every room of your home. ►

4 DISCUSS YOUR PROJECT

It is always useful to be prepared when visiting your local flooring retailer. Start by providing a rough guide of the room shape and measurements. Be sure to bring your shortlist of chosen designs, including shade name and number.

PICTURE IT INSTANTLY IN YOUR HOME

SEE OUR FLOORS IN YOUR SPACE

Simply take a photo of the area you are renovating and select your new floor at the touch of a button.

Visualise any of the Camaro Rigid Core range now.

INSTALLATION

To guide you through the process of installing Camaro Rigid Core Herringbone, we have created an instructional video led by an installation expert. Find our video online and discover top tips on how to lay Herringbone correctly.

For hints & tips,
watch our herringbone
installation video

visit **polyflorltd** on:

Built-in IXPE foam underlay

Separate underlay is not required when installing Camaro Rigid Core thanks to the built-in acoustic backing. The IXPE foam acts as a shock absorber with footfall and helps to reduce impact sound transmitted through neighbouring rooms up to 18dB.

Our in depth step-by-step instructions for Plank, Tile and Herringbone can be found inside all Camaro Rigid Core boxes and online at www.polyflor.com

***We recommend Camaro Rigid Core is installed by a flooring professional.**

FLOORCARE

We want your Camaro Rigid Core floor to look its best for many years to come and to help you achieve this we have laid out the following floor care guidelines. Camaro Rigid Core does not harbour dust mites or bacteria making it ideal for the home environment.

Every design in the Camaro Rigid Core collection features a polyurethane reinforcement (PUR) surface treatment to provide protection against everyday wear. We do however propose the following floor care guidelines to help you keep your floor looking its best.

Initial Clean

We recommend you sweep or vacuum to prevent loose dirt or grit from scratching the floor. Polishing your floor can also be beneficial to help prevent slight surface scratches and to provide further protection.

Day-to-day cleaning

Regularly sweep or vacuum your floor to remove loose dirt, grit or dust. It's important to use clean mops and neutral cleaning solutions to regularly clean your floor. You should always dilute the floor cleanser to the manufacturer's instructions.

Please ensure you mop your floor evenly and collect any excess liquid in a mop bucket. Rinse the floor with clean water and allow to dry.

Regular cleaning is more beneficial to the floor covering and is more cost-effective than occasional heavy cleaning.

Do:

✔

Install barrier mats at entrances to pick up grit and moisture. (Please note, some rubber-backed mats may discolour the floor)

✔

Ensure your furniture is fitted with protective pads where necessary to prevent scratches.

✔

Use protective cups under heavy furniture to prevent indentation.

✔

Remove spillages as quickly as possible to reduce risk of staining and causing slip hazards.

✔

Always use clean equipment when maintaining your floor.

✔

Regularly trim pets claws as these can cause fine scratches.

Don't:

✘

Use abrasive liquids or metal scouring pads as these can damage the floor.

✘

Clean the floor with solvents, caustic detergents, washing up liquids, soap powders, bleach, furniture polishes, petroleum based products, pine gels, stain removers or highly coloured products. Such products may make the floor slippery or cause permanent damage.

✘

Drag furniture with unprotected feet across the floor.

We highly recommend you use the Polyflor floor care kit to maintain your Camaro Rigid Core floor. You can find out more information and order your floor care kit from your retailer.

Naked Blond Oak Herringbone
RPQ4144

BEAUTIFULLY SUSTAINABLE

The increased awareness of sustainable development is a key aspect of manufacturing and as such, Camaro Rigid Core is 100% recyclable, contains an average of 15% recycled content and can be recycled through Polyflor's recycling scheme, Recofloor.

100% RECYCLABLE
CONTAINS 15% RECYCLED MATERIAL

Recofloor™
Vinyl Take-Back Scheme

Polyflor floor coverings contain a combination of ingredients which are clean, natural and recycled for a more sustainable end product. The materials we use in our flooring are responsibly sourced and regularly audited for our BES 6001 certification.

Camaro Rigid Core is a sensible choice and contributes positively to indoor air comfort and quality, it is certified by Indoor Air Comfort Gold and FloorScore® as extremely low VOC. Additionally, Camaro Rigid Core is an interlocking product and as a result, requires no adhesive - its environmental impact is further reduced, benefitting air quality and recyclability.

Polyflor is certified to ISO 14001 and ISO 9001 ensuring the best environmental and quality management systems. What's more, Polyflor has achieved SA 8000 approved factory status, providing social accountability throughout our manufacturing processes.

Choose Polyflor for zero compromises on style, function and the environment.

For further details on Polyflor's achievements in areas such as recycling, energy reduction and waste avoidance visit polyflor.com/sustainability

GUARANTEE

We understand the importance of choosing the perfect flooring, not only for your home but also for your lifestyle. That’s why Camaro Rigid Core has been developed to meet the highest technical specification of its product type. Tried and tested, it is suitable for all areas of the home and our product boasts ultimate performance with exquisite style.

Compared with many natural flooring options, Camaro Rigid Core will under normal conditions resist household stains and will not crack, chip or splinter. The manufacturers of Camaro Rigid Core are confident that their high-quality products will provide many years of valuable service. All products purchased from the range are guaranteed for 10 years against normal wear and tear in the recommended environment, provided that they have been fitted correctly and maintained in accordance with the manufacturer’s instructions. Full terms and conditions of the guarantee are available on request from your flooring wholesaler or Polyflor Ltd.
