

Handrails, Dual Rails & Combination Rail

Introduction

Gradus handrails, Dual Rails and combination rail are designed to offer pedestrian guidance and support in addition to a level of surface protection.

Designed for use in interior, horizontal circulation areas, they are suitable for use in a wide range of environments including healthcare, education, commercial office and transport.

The style of profile selected will depend on the types and levels of both pedestrian and wheeled traffic.

Handrails can also be combined with other profiles from the range to provide a complete protection solution.

Combination Rail

SHR40P Handrail

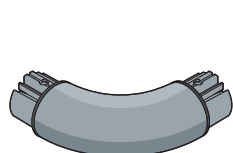

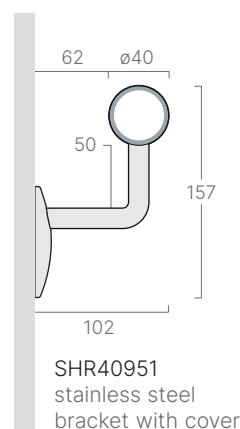

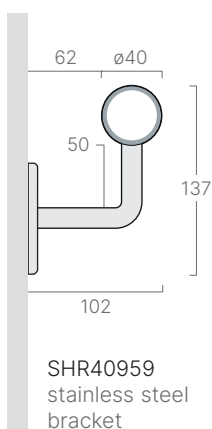

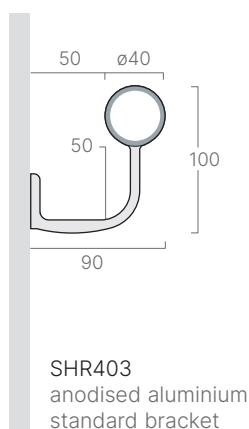

Features

- > Handrails are designed to offer pedestrian guidance and support in addition to a level of surface protection
- > Aluminium retainer with PVC-u covers and matching PVC-u accessories
- > Suitable for use in a wide range of environments including healthcare, education and transport
- > Reveals provide tight, neat joints and are made from a naturally bactericidal polymer that inhibits the growth of bacteria

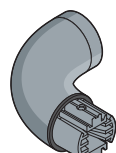

Information

- > Supplied in 4.0m lengths
- > Accessories include reveal(s)
- > Replacement components available to purchase
- > Handrails feature a smooth finish in line with HBN 00-04
- > All options are designed to meet guidelines in HBN 00-10, HBN 00-04, BS 8300-2:2018 and Approved Documents K and M of The Building Regulations 2010
- > 32 colour options see page 42

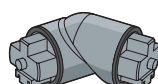

Components

D200P Dual Rail

Features

- > PVC-u wall guard with PVC-u handrail and PVC-u accessories
- > Dual Rail provides the ideal solution where both a handrail and wall guard are required as a combined system
- > Ideal for healthcare environments where pedestrian support is required in addition to protection against severe impact
- > Reveals provide tight, neat joints and are made from a naturally bactericidal polymer that inhibits the growth of bacteria

Information

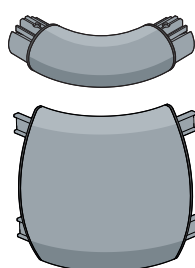

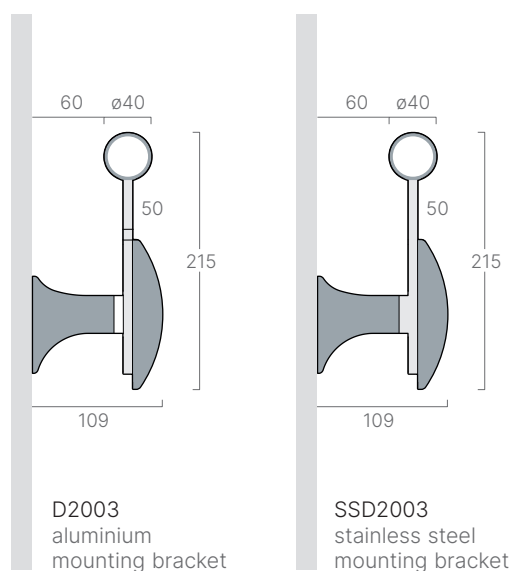

- > Supplied in 4.0m lengths
- > Accessories include reveal(s)
- > For multiple length installations use handrail splice SHR407 with wall guard splice D200JS
- > Replacement components available to purchase
- > All options are designed to meet guidelines in HBN 00-10, HBN 00-04, BS 8300-2:2018 and Approved Documents K and M
