

The R-Range WPSXT195E Wall Protector

Manufacturing Defects Warranty

Polyflor SA offer a 10-Year 'Manufacturing Defects Warranty' which states that we guarantee that the material will be free of manufacturing defects, but due to the nature of 'wall protection', this needs to be linked with on-going maintenance and repair/replacement of damaged material.

We would expect that within a building, the level of repair/replacement will vary dependent upon where the material is installed and the severity of use, and will not cover any misuse and abuse.

Please do not hesitate to contact Polyflor South Africa for clarification on the above or for any additional assistance.
